

Coach's Comments... WHY MANAGERS FAIL

Hello everyone,

I found these reasons most interesting in my organizational development class. Do you?

WHY MANAGERS FAIL

- Poor interpersonal skills
- An inability to change
- A preoccupation with turf protection
- A fear of making decisions and taking actions
- Lack of resilience & the ability to rebound

Indeed, so how do we win?

You know. Email me your thoughts.

Until next time,

Sherri
